A REVOLUTION IN BELT LOOP DESIGN

Forget having to buy a different holster to experiment with different carry options. MatchPoint USA's new patent pending Infinity Carry Loop will allow full control and customization when using a belt holster with the correct hole pattern. The Infinity Carry Loop is incredibly strong, lightweight, and slightly flexible to allow comfortable all day carry. With thousands of possible configurations, you won't ever need another belt loop again.

FEATURES AND BENEFITS

The Infinity Carry Loop is designed from the ground up for customization.

With options for 1 ½ & 1 ¾ inch belts and our featured proprietary offset you can customize your holster for just about any draw angle, giving you the perfect fit for your sidearm.

Featuring our Tufmax 820 advanced polymer compound, these high strength, lightweight belt loops are as durable as they are flexible. Engineered for toughness they still have flex for all day comfort.
